

Bus diversions for Main Road, Condorrat

During gas network upgrades in Main Road, Condorrat, the road will be closed both ways in multiple phases of the project between April and August 2024.

Whenever Main Road is closed, the Stagecoach X25 service and McGill's X36 and X37 services will be diverted as shown in the map. Bus stops in Main Road, west of where the diversions begin, won't be in operation when the road closures are in place.

Affected residents in the Dalshannon area of Main Road can use the local footpaths indicated to reach alternative bus stops on Condorrat Ring Road.

For more information including when road closures will be in place scan the QR code:
