January 2025

Dear Sir or Madam,

Scotland Gas Networks Metering Charges from 1st June 2025

Please find attached schedules showing the revised metering charges to be applied by Scotland Gas Networks plc (**SGN**) with effect from 1st June 2025. This notification is provided 3 months in advance of the effective date consistent with the notice period required in SGN's metering contracts¹.

In general, the changes from SGN's existing metering charges reflect an increase of 3.28% in respect of inflation.

Three of SGN's metering charges are subject to maximum tariff caps that have been set by Ofgem, the gas industry regulator, and are set out in SGN's gas distribution licence. This means that charges for these services must not exceed the tariff caps which are increased each year by inflation (RPI). The charges for these three metering activities set out in the attached schedule are consistent with this charge restriction.

The revised charges will be published on SGN's internet site www.sgn.co.uk by the end of February 2025. If you have any questions about the new charges, please contact Roberta Donega on 07583 032 251.

Yours faithfully

Robert Instrall

Robert Instrall
Head of Metering and Deminimis

¹ Agreement and General Conditions of Contract for;
The Provision and Maintenance of Metering Equipment; Transactional Meter Works not exceeding 7 bar; Above 7 bar Transactional Meter Works; Adversarial Meterwork

Annual Rental Charges

These charges replace those set out in Table 2.2 of the "Metering Charges" statement effective from 1st June 2025

Low, Medium and Intermediate Pressure Metering Installations (<= 7barg)

Transactional Charges

Any work downstream of the outlet of the meter is excluded unless specifically mentioned. In all cases, service pipe installation, alteration and disconnection and meter box provision is excluded and will be subject to additional charges.

Domestic-Size Meters

The following charges relate to domestic-size meter installations, where the meter capacity is less than 11 standard cubic metres per hour (scmh).

Title	Charge
Install Domestic Credit Meter	120.98
Install Domestic Prepayment Meter	135.69
Customer Requested Exchange (credit to ppm or vice versa) - Note1	125.62
Ofgem Accuracy Test (Domestic)	127.34
Exchange damaged or stolen meter	101.16
Alter Position of Meter only (no service pipe modification) - Note 2	175.21
Remove meter	86.57
Fit or remove Clamp (Lock) - Note 3	101.49
Fit Security Collar to meter	56.86
Decommission/Recommission Prepayment Meter	81.15
Prepayment Meter Wind-On / Clear Faults & Tamperers / No Fault Found	84.06
Collect/Check Meter details	55.15
SGN CP Hire – Half Day - Note 4	396.50
SGN CP Hire – Full Day - Note 4	793.05
SGN CP Hire – Hourly rate (normal hours) – Note 4	99.16

Note 1. Set to the level of the tariff cap.

Note 2. Additional outlet pipe work, in excess of 2m, will be charged at current labour and materials rates in addition to the above charges.

Note 3. SGN supplied clamps and locks can only be fitted and removed by authorised SGN operatives.

Note 4. All work shall be carried out in accordance with "General Conditions of Contract for Adversarial Meterworks". These charge rates also apply in respect of purging meters and downstream installations.

Industrial and Commercial Sized Meters

The following charges relate to installation and removal of larger diaphragm meters. These charges apply only in respect of standard low pressure installations, where no enhancements (e.g. bypasses) are required.

Large diaphragm meter installation charges

Capacity (scmh)	>= 11< 21	>=21<29	>=29<51	>=51<79	>=79<121	>=121
Meter only	261.56	324.36	524.35	1319.59	1447.04	1588.37
Meter and housing	815.20	1140.39	1472.28	3190.07	3624.74	3765.99

Note 1. These charges are also applicable in the case of meter exchanges where a smaller meter is exchanged for a larger meter. In these cases the charge is that corresponding to the new meter.

Note 2. The housing charges do not include the costs for explosion relief roofs or for the construction of bases to support the housing. Quotations should be requested if these options are required.

Large diaphragm meter removal charges

Capacity (scmh)	>= 11< 21	>=21<29	>=29<51	>=51<79	>=79<121	>=121
Meter removal	181.83	196.36	393.36	534.29	688.15	688.15
Adversarial meter removal	181.83	196.36	393.36	534.29	688.15	688.15

Further charges will apply for any additional time (such as waiting time or purging) or materials in connection with adversarial meter removals.

Large diaphragm meter accuracy tests

Capacity (scmh)	>= 11< 21	>=21<29	>=29<51	>=51<79	>=79<121	>=121
Ofgem accuracy test	220.08	241.54	496.05	531.01	709.65	744.57

Includes transportation of the meter and time and materials required to exchange a meter. Includes transportation box. Includes testing, purging and re-lighting but excludes any associated trace and repair work. Excludes the cost of the meter itself.

Other Metering Charges

Transfer of title of in-situ ancillary equipment

Domestic meters – charge for sale of installation kit

Standard charge for installation kit (excludes meter)	7.27
---	------

Note. No charge applies for title transfer where the meter installation is exempted from the "install" component of annual rental charges. That is where the installation was made after 1 October 2000.

Large diaphragm meters - charges for sale of installation kit

Capacity (scmh)	>= 11< 21	>=21<29	>=29<51	>=51<79	>=79<121	>=121
Sale of installation kit	227.31	277.54	499.32	960.59	1128.36	1309.93

Note. No charge applies for title transfer where the meter installation is exempted from the "install" component of annual rental charges. That is where the installation was made after 1 April 2001.

Quotation charges - for transfer of title of ancillary equipment

Quotation type	Charge
Details provided by customer	79.81
