February 2026

Dear Sir or Madam,

Southern Gas Networks Metering Charges from 1st June 2026

Please find attached schedules showing the revised metering charges to be applied by Southern Gas Networks plc (**SGN**) with effect from 1st June 2026. This notification is provided 3 months in advance of the effective date consistent with the notice period required in SGN's metering contracts¹.

As per prior communication, the Ofgem price cap no longer applies, however we are pleased to advise that SGN are able to carry on providing these services on existing rates with the applicable RPI increase applied from 1st June 2026.

In general, the changes from SGN's existing metering charges reflect an increase of 4.39% in respect of inflation.

The revised charges will be published on SGN's internet site www.sgn.co.uk by the 1st of March 2026. If you have any questions about the new charges, please contact Roberta Donega on 07583 032 251.

Yours faithfully

Robert Instrall
